Prompt : Create a serene beach scene with a golden sandy shore stretching into the distance. The sun is low on the horizon, casting warm orange and pink hues across the sky as it begins to set. Gentle waves roll onto the shore, reflecting the colors of the sunset. The horizon is clear and vast, blending the sky and sea seamlessly, creating a peaceful, picturesque view. Sparse clouds are scattered, catching the last light of the sun. There are a few palm trees swaying gently in the breeze, framing the scene.

Create a mesmerizing scene blending reality and fantasy. Underwater, vibrant coral reefs are teeming with life: dolphins gracefully swim alongside colorful schools of fish, while sea turtles glide through crystal-clear waters. Above the surface, the landscape transitions into a breathtaking coastline with towering cliffs covered in lush greenery, gently sloping towards the azure sea. In the distance, glowing waterfalls cascade into the ocean, reflecting the golden rays of a setting sun.
